Dear Parents,

At 12.30pm today, the Welsh Assembly announced that state schools in Wales will partially reopen on Monday 29th June, with a third of their pupils returning in rotation. As this is just five days before we break up, the Executive Committee is meeting to discuss this. We will provide you with more details by the end of the week on our plans for reopening in September and whether or not it is feasible to use this easing of the lockdown in the last week of term to benefit any specific year groups.

Yours sincerely,
