

Haberdashers' Monmouth Schools

From the Assistant Head - Head of Wellbeing **Miss Sarah Fowler** BSc (Econ)

14th September 2023

Dear Parent/Guardian

As part of our ongoing commitment to supporting student health and wellbeing, we have signed up again this year to The School Health Research Network to access their National Student Health and Wellbeing Survey. The survey is managed by Ipsos MORI on behalf of Cardiff University.

Please find attached a letter from Professor Simon Murphy of the SHRN, which explains the survey in more detail. Pupils will be shown a short video and power point presentation in tutor time, which will explain the survey process in more detail and allow further discussion at home. The survey is across both senior schools and all year groups from Years 7-13 and will be taken on a rolling timetabled programme, which will run throughout the second half of this Michaelmas term.

May I draw your attention to the final paragraph of the letter and in particular, the request that should you wish to withdraw your child from the survey or from the data linkage research, please could you notify school reception. Please could you do this by **Friday 20th October** so that the proper logistical arrangements can be made.

Should you have any queries or concerns, please do not hesitate to contact me for more information or to discuss further.

Many thanks for your continued support.

Best wishes

Miss Fowler
