

Welcome to the HMSG / MS

2017 Careers Convention

Thursday 23rd March, 6.30pm – 8.30pm, HMSG

On behalf of Haberdashers' Monmouth School for Girls and Monmouth School, we would like to welcome you all to our Careers Convention. The schools are extremely grateful to the career advisers, gap providers and universities who have generously given up their time to assist with the event.

This convention is an opportunity for pupils and parents to find out more about different types of careers, university courses and gap ideas to help with decisions concerning what is right for the future and to plan the next steps.

The representatives are here to help you answer your questions. To get the most out of the convention, try to see a number of the representatives, even if you had not considered that career, university or gap year option before.

Don't forget that those who are running their own business have experience of that, as well as the service or product they provide. If you are interested in a career that is not represented at the convention then you can always seek advice from the Inspiring Futures Careers Adviser, Mrs Jane Johns, who is located on the middle floor of the Atrium.

Access is through HMSG reception, and parking will be limited, due to the numbers expected. Parents should use the main car park on the right after turning through the main gates at HMSG. It may be easier to park in town and walk up to HMSG.

| Career | Location |
